Allison, you're welcome to call in if you want, but it's also okay if you don't want to be on this call. I think it would make sense for us to have a tech team call on pesticides before our next briefing to go over where we're at, so that's another chance to vet things. I'm sending out more of what we'll cover on the call later.

Hi Everyone, this meeting is for the review team to regroup after the managers' meeting. As we get closer, we'll hone in on the topics to cover. Our goal will be to get the information we need to make a recommendation to management. Let's continue to talk as needed by phone and email. Thanks - Jenny
